3 The estimate for improving the water supply at Tumkur is for Rs 57,820 The proposal is that the cost of the estimate may be met by the Govt & the Mply on equal proportions if this is approved, Govt would have to give a grant of Rs ~~25,910~~ 25,910/- the Tumkur municipal would then the other half of which shows the cost is Rs 25,910/- may be advanced to them as a loan at 3½% It is proposed to amalgamate this loan with the loan they have separately applied for completing the drainage scheme, repayable in 15 years at 3½% interest. This file is before the Minister

Orders have separately issued sanctioning a loan of Rs 3,000/- for the metering of Lamps.

4 The proposal is for orders This may be considered along with the drainage file which has been sent to the Minister Dept

Secy to Govt 29/6/42

proportion the municipal quota of the Cost amounting to Rs 95,850 be treated as loan

Improvement of water Supply

As regard improvement of water Supply there are two proposals viz (1) Installation of meters at an estimated Cost of Rs 30,235 and (2) Construction of two tanks at a cost of Rs 51,820 As for the former the municipal Council for town likes the entire amount Rs 30,235 may be treated as loan The Cost of Construction two tanks amounting to Rs 51,820 is proposed to be shared by Govt and the Mel Council in equal proportion, the municipal quota amounting to Rs 25,910 be treated as loan

(2) Thus the Govt grant of Rs 95,850 both as and Rs 25,910 are amounting in all to Rs 1,21,760 both are proposed to be given towards the Cost of drainage and Constructing two tanks

Whereas in order to enable the municipal Council to meet its quota of the Cost of these works the amounts noted against the respective works are proposed to be advanced as loan

I Drainage Rs 95,850

II Impt of water Supply # (1) Installation meters Rs 30,235
(2) Constructing 2 tanks, Rs 25,910

Rs 1,51,995

Grant of loan to the Tumkur Town Municipal Council for the drainage and water Supply schemes

7702/

Serial No

The Consolidated loan would thus amount to Rs 1,51,995 or Rs 1,52,000 approximately As a sum of Rs 1,20,000 has already been advanced as loan to the mcty towards the Cost of the drainage scheme, the balance of Rs 32,000 more will have to be advanced afresh for which the Municipal Council is required to execute a fresh bond The loan is proposed to be repaid in 15 annual instalments with interest at 3½%

The proposals of the Municipal Council have been set forth in the foregoing paras as they are It has to be pointed out here that there have been certain developments in regard to the above proposals since so much so that it may be rather difficult at this stage perhaps not desirable nor practicable to Consider the several proposals afresh It appears therefore feasible to consider each proposal separately and independently on its independent merits

15) As for the drainage scheme the estimate has not been revised to Rs 1 91,700 as it is been ordered to separately that the execution of further works may be stopped and a fresh estimate prepared and submitted for the orders of Govt in respect of all the items of work yet remaining unexecuted The receipt of an estimate therefor is awaited from the Director of Public Health

NOTE—Contn Sheet

Grant of Loan to the Trincomalee Town and Gravets for the drainage and water supply schemes

6

File No 110 of 194/

General and Revenue Secretariat

Serial No

The manner in which the Trincomalee Drainage scheme has been referred to the P W Secy for favour of his opinion It would be premature to say at this stage what decision would be taken on the question which is brought with many implications the question may therefore perhaps be therefore pursued independently

In regard

1st) In regard to the installation of water meters Orders are sanctioning a loan of Rs 30100 to the Trincomalee Town and Gravets Council repayable in 10 annual instalments with interest at 6½% have already been passed the question may perhaps therefore be considered as closed and no further action called for

2nd) The only question which remains to be settled now is the proposal of the Urban Council to construct two tanks one near the filters and another near the bore well in the Jail Extension at a cost of Rs 51,820/- The cost is proposed to be met by Govt and the Municipal Council in equal proportions The Govts share of the cost Rs 25,910 will have to be given as one of the Water Supply grants In order to enable the Municipal Council to meet their portion of the cost, a loan of Rs 25,910 will have to be given, the period of repayment and the rate of interest being decided with due regard to the financial capacity of the Municipal Council to repay the same

Grant of Loan to the Tumkur Town Municipal Council for the drainage and water Supply Schemes (7

General and Revenue Secretariat | File No 110 of 1911 | [App F III—2

Serial No	
	1) It is not known if any estimates for the Construction of the dr tanks have been prepared & Letter the municipal Council is agreeable to raise from Govt a loan of Rs 25 910 repayable in about 10 years with interest at 4½% has to be ascertained provided an equal sum is given as Govt grant from the Water Supply grant Information on all these points will have to be called for before the question is considered
	2) Draft letter to the DC calling for further information is proposed for orders with reference to para 6 of the notes
Feb 18/10	4) In regard to the drainage question, the Engr to Govt PWD has been requested to furnish certain information about the works already executed, in accordance with the orders of the minute dtd 17 Feb. The receipt of the same is awaited
	22) About the installation of meters, a loan of Rs 30,000 has been sanctioned to this Municipality & it was stated that the estimate would go up to Rs perhaps this work would also have to be stopped, as the cost would be prohibitive
This may be put up in due course 4/11/43	23) The only question is about the improvement of water supply which is said to cost Rs 57 000 This is proposed

Secretary to Government of Mysore,
Law Department, Bangalore

SECY LAW DEPT 1 JUN 1942 GOVT OF MYSORE

Subject - Drainage and Water Supply Schemes of Tumkur Town Municipality-raising a loan therefor

- o -

Adverting to letter No.M C 92/41-42 dated 23-4-1942 from the President, Town Municipal Council, Tumkur, addressed to you direct, on the above subject, I have the honour to invite your kind reference to this office letter of even No dated 8-11-1941 wherein a recommendation was made that, half the cost of the said schemes and the cost of metering of houses amounting to Rs 1,36,760/- might be granted to the Municipality as loan and the other half as Government grant and the loan be made repayable in 15 annual instalments, carrying interest at 4½% per annum.

In the letter referred to above, the President has stated that fresh proposals have been made as a result of the representations of the Countillors with the Minister for Local Self-Government and Public Health on 15-4-1942, they being as follows -

1 Water Supply Improvement

(i) 60,000 gallons re-inforced concrete Tank on 40' staging near the Filters for service

(ii) 10,000 gallons R C.C. Tank on 20' staging near the bore-well in - Jail Extension

(iii) Metering of houses

II Drainage Scheme Completion -

Revised estimate for the entire work inclusive of the amount already spent	Rs.1,91,700/-
Total	Rs 2,73,755/-

It is stated that out of this amount, a sum of Rs.30,235/- being the cost of metering of houses, would be advanced as a loan and as to the balance of Rs 2,43,520/- one half to be given as loan to the Municipality and other half as outright grants from Government

As the amounts furnished under grants and loan were incorrect, the President was requested to verify and furnish correct details, which have since been received (Copy of his letter is herein enclosed) According to the correct details received from him, the loan required comes to Rs 1,51,995/- (ie , Rs 1,21,760/- plus Rs.30,235/- metering of houses). The Council prays that Government be pleased to recover it in 15 annual instalments, interest being charged at 3½% instead of 4½% and that the annual toll revenue would be marked towards the repayment of the loan instalments with interest

The President has stated that the sum of Rs 1,20,000/- which was already advanced as loan towards the drainage scheme has been spent and this has also been included in the revised estimate for Rs 1,91,700/ mentioned above Hence the Municipality will have to execute a fresh bond for Rs 31,995/- out of the total sum of Rs 1,51,995/-

As the works are of an urgent and important nature and as the present Water Supply system is unsatisfactory, I request that kind orders of Government may be obtained to the revised proposals of the Municipality which have been stated to have emerged out of the representation of the Municipal Councillors to Government

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Tumkur District

asd

T.R

Letter No H C 92/41-42 dated 28th May 1942 from the President, Town Municipal Council, Tumkur, to the Deputy Commissioner, Tumkur District, Tumkur

-- o -

Reference your No A6 C 4090/41-42 dated 25-5-1942

I have the honour to furnish herein below correct details of the above several amounts making up the consolidated loan

(1) DRAINAGE SCHEME -

Revised Estimate for Rs 1,91,700/- including the sum of Rs 1,20,000/- already advanced and spent - Out of this half the amount viz , 95,850/- would have to be treated as out-right grant and the balance of Rs 95,850/- would be the actual loan towards the Drainage Scheme

(2) IMPROVEMENT OF WAT R WORKS -

(i) Over-head tanks Rs 51,820/- Out of this amount Rs 25,910/- will be the Government Grant and Rs 25,910/ will be the loan

(ii) Metering private connections Rs 30,235/-, The entire amount to be advanced as a loan

Thus the total loan advanced inclusive of sums to be advanced will be Rs 1,51,995/- Amount of out-right grant will be Rs 1,21,760 The grand total will be Rs 2,73,755/-

In my letter No H C 92/41-42 dated 23-4-1942 to the Secretary f Local Self Government and Public Health, a mistake has been made in putting Rs 1,21,410/- where it ought to have been Rs 1,21,760/- Thi error may be rectified on the basis of this letter and the proposals kindly forwarded to Government with recommendation for sanctio very early

Sir,

To

With refce to the Correspondence ending with your letter no A6-C 6090/40-41 dt 11 6 1942 on the above subject, I am directed to ~~state~~ Secretariat

~~The proposal of the Dumka Town Municipal Council to raise a Consolidated loan of 1,51,095 (including the loan of Rs 1,20,000 already sanctioned and incurred spent for the drainage scheme) for the~~ In order to enable it to meet the ~~Excess of the Cost of the drainage scheme and the improvement of water Supply which includes the Construction of two tanks and installation of water meters at the Khas does not a feasible one and does not therefore Commend itself to Govt the question of drainage is under consideration and orders in this behalf would issue separately For the intervening the Director of Public Health

P T O

requested to prepare and submit an estimate
in respect of all the items of work not
yet executed, the receipt of which is awaited
In regard to the installation of modern
a loan of Rs 30,000 repayable in ten
annual instalments with carrying
an interest of 6½% has already been
granted to the Jaffna Municipal Council
The only question to be decided now
is therefore the proposed construction of
two tanks at an estimated Cost of Rs 57,820/-
which is proposed by the municipal Council
to be met by by Govt as the local
Council in equal proportion, the
Municipal quota of the Cost amounting to Rs 25,910/-
by advances as loan from Govt

I am therefore to request you to
with your opinion in the matter for consideration with the
Govt
for so good as to furnish information on the
following points duly supported
by a resolution of the municipal Council —

1) Whether the estimates for the Construction
of the two tanks have been prepared and if so,
they may be obtained and forwarded duly
Countersigned by the President of the Mly

2) Whether the municipal Council is
agreeable to raise from Govt a loan 25,910
to repayable in ten annual instalments with
interest at 6½% for the purpose in order to
meet their share of the Cost

3) What is the income of the Mly and whether
it would be earmarked for the repayment of the loan

4) Whether the grant of a loan for the purpose
would not be burdensome to the Mly having regard to
their Commitments

5) Whether in case [illegible]

SIR

Grant of loan to the Tumkur Town Municipal Council, for the Water Supply Scheme of the Town
--

With reference to your No L 6757 dated 11-1-43 forwarding for information a copy of letter No L 6756/M1 110-42-43 dated 11-1-43 addressed to the Deputy Commissioner, Tumkur, calling for certain information, I have the honor to state the following for the information of Government

1) Re Item No 1 - Construction of two tanks - Provision for two tanks (One 60,000 Gls capacity reinforced concrete tank on 40 ft staging near the filters for service and another 10,000 gls capacity reinforced concrete tank on 20 ft staging near the Borewell in Jail Extension, Tumkur) has been made in the estimate for Rs 51,820/- sent to Government with this office letter No C 304-33 dated 23-4-41 The Sanitary Engineer reports that the estimate now requires revision

2) Re Item No 5 - Metering of house connections - Government in their order No L 120-68-71/M1 59-40-18 dated 28th June 1942 sanctioned an estimate for Rs 30,235/- but the estimate had to be revised to Rs 63,670/- on account of the abnormal increase in the price of C I pipes and fittings On enquiry from the President, Municipal Council, Tumkur whether the Municipality would be agreeable to get the work done at the additional cost, the President intimated to the Sanitary Engineer that the Municipal Council had resolved on 31-10-42 that the matter may lie over for the present Government orders
